Missing European Standards in the publication of the titles and references of the Harmonized European Standards under the new EMC Directive 2014/30/EU

The titles and references of the Harmonized European Standards under the new EMC Directive 2014/30/EU were now published in the Official Journal of the European Union C173/142 at 2016-05-16. Unfortunately it seems that several standards are not included anymore in this publication.

Subsequent there is a list of EMC relevant European standards which (or their former editions) were listed in former OJEU publications but not included in the new OJEU. It is not recognizable that there is a reason within the technical content of these standards that prevent them from the listing in the new OJEU publication. It is not ensured that the following list of missing standards is complete.

EN 12895:2000, *Industrial trucks – Electromagnetic compatibility*

EN 50270:2015, *Electromagnetic compatibility – Electrical apparatus for the detection and measurement of combustible gases, toxic gases or oxygen*

Superseded standard with dow 2017-10-20: EN 50270:2006, *Electromagnetic compatibility – Electrical apparatus for the detection and measurement of combustible gases, toxic gases or oxygen*

EN 50121-1:2015, EN 50121-2:2015, EN 50121-3-1, EN 50121-3-2, EN 50121-4 and EN 50121-5:2015, *Railway applications – Electromagnetic compatibility*

Superseded standards with dow 2018-01-05: EN 50121-1:2006, EN 50121-2:2006, EN 50121-3-1:2006, EN 50121-3-2:2006, EN 50121-4:2006 and EN 50121-5:2006, *Railway applications – Electromagnetic compatibility*

EN 55013:2013 + A1:2016, *Sound and television broadcast receivers and associated equipment – Radio disturbance characteristics – Limits and methods of measurement*

EN 55014-2:2015, *Electromagnetic compatibility – Requirements for household appliances, electric tools and similar apparatus – Part 2: Immunity – Product family standard*

Note: However, in contrast EN 55014-1:2006 is included in the new OJEU.

Superseded standard with dow 2018-03-25: EN 55014-2:1997 + A1:2001 + A2:2008, *Electromagnetic compatibility – Requirements for household appliances, electric tools and similar apparatus – Part 2: Immunity – Product family standard*

EN 55020:2007 + A11:2011 + A12:2016, *Sound and television broadcast receivers and associated equipment – Immunity characteristics – Limits and methods of measurement*

EN 55022:2010 – *Information technology equipment – Radio disturbance characteristics – Limits and methods of measurement*

Note: However, in contrast EN 55024:2010 is included in the new OJEU.

EN 55032:2015, *Electromagnetic compatibility of multi media equipment – Emission requirements*

Superseded standard with dow 2018-05-05: EN 55032:2012, *Electromagnetic compatibility of multi media equipment – Emission requirements*

EN 55103-1:2009 + A1:2012 – *Electromagnetic compatibility – Product family standard for audio, video, audio-visual and entertainment lighting control apparatus for professional use – Part 1: Emissions*

Note: However, in contrast EN 55103-2:2009 is included in the new OJEU.

EN 60730-2-5:2015, *Automatic electrical controls – Part 2-5: Particular requirements for automatic electrical burner control systems*

Superseded standard with dow 2017-11-17: EN 60730-2-5:2002 + A1:2004 + A11:2005 + A2:2010, *Automatic electrical controls – Part 2-5: Particular requirements for automatic electrical burner control systems*

EN 60730-2-6:2016, *Automatic electrical controls – Part 2-6: Particular requirements for automatic electrical pressure sensing controls including mechanical requirements*

Superseded standard with dow 2019-02-16: EN 60730-2-6:2008, *Automatic electrical controls – Part 2-6: Particular requirements for automatic electrical pressure sensing controls including mechanical requirements*

EN 61439-1:2009, *Low-voltage switchgear and controlgear assemblies – Part 1: General rules*

EN 61439-2:2011, *Low-voltage switchgear and controlgear assemblies – Part 2: Power switchgear and controlgear assemblies*

EN 62026-3:2009, *Low-voltage switchgear and controlgear assemblies – Part 1: Controller-device interfaces (CDIs) – Part 3: DeviceNet*

Note: However, in contrast other parts of EN 62026 are included in the new OJEU.

EN 62135-2:2008, *Resistance welding equipment – Part 2: Electromagnetic compatibility (EMC) requirements*

Furthermore the following standard which was not listed in the former OJEU has a link to the former EMC Directive 2004/108/EC and should also be taken into account under the new EMC Directive 2014/30/EU:

EN 61000-6-5:2015 – *Electromagnetic compatibility (EMC) – Part 6-5: Generic standards – Immunity for equipment used in power station and substation environment*
