	Technical Files created. Documents request distributed via e-mail and ProductIP interface.		Provide available Documents							✓	✓	→ ✓
										✓	→ ✓	

IN SHORT:

Participation in providing the documents is completely FREE of charge for you!

Action expects to have the file ready 4 weeks before the market release date (SSD).

The following steps will help the process go as smoothly as possible, and to establish a complete file in time.

We will start the file 6-8 weeks before and send you a document request by email.

Please accept this within 1 week, you can then see immediately which documents Action requires from you.

The first documents should be uploaded within two weeks. Just start with uploading the documents you already have.

For some documents you can use a template, this is available in the file.

If you already know when the other documents will follow, please state this in the comment section of the file.

We will then take this into account.

Also, if there are circumstances that we should take into account, please share that here.

In the file, you will also find information on which we have based the documents to be collected.

We ask you to check this information as well, so that if there is any wrong information, we can correct it in time. (see instruction)

If you deviate from the timeline for the creation of the file without informing us, we will escalate to Action.

What can you expect from ProductIP:

We will help you if you get stuck in the process when using the platform (helpdesk@productip.com)

There is a landing page where you can find all the information www.productip.com/action

Here you can find the instructions and the FAQ

TIMELINE FOR THE CREATION OF THE FILE

Participation in providing the documents is completely FREE of charge for you!

timeline for the creation of the file

1. If you are new for this process ProductIP will contact you to verify the right contact person and email address
2. The request for uploading documents will be sent, you will receive an email
3. within one week you have to accept this request
4. After two weeks, the first documents should be uploaded.
5. ProductIP reviews the uploaded documents and gives a feedback if any documents are missing.
6. These documents should then be delivered before the deadline. If more time is needed for some documents, please let us know via the comment.
7. After the deadline, ProductIP will review the files and feedback the status to Action.

When the supplier is not cooperating, Action will be notified.

Are you already a user of ProductIP:

You will find all requests in your account

If you are not yet familiar with ProductIP:

You will need to create an account see page 3

PRODUCTIP IS NEW TO ME:

You will receive an email with the document request.

First time user?

Go to www.Productip.com

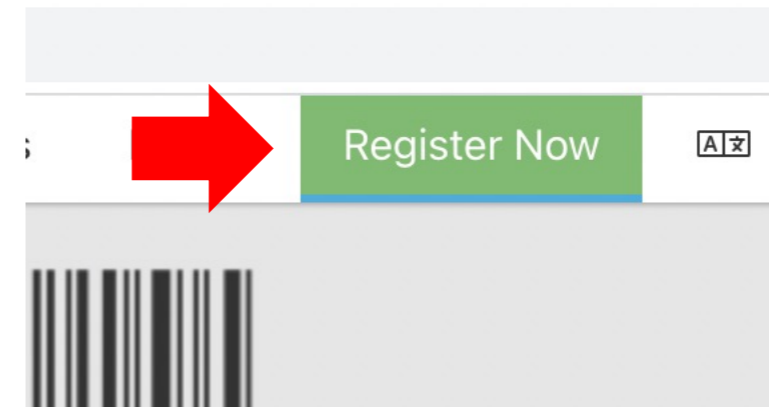

Setup your account in a few steps:

- Fill in your contact details
- Create your own password and confirm
- Accept the general conditions
- Press register
- Done!

Your e-mail address is your username!

This should be the same e-mail address as

your customer used to send the invite to.

Welcome to ProductIP
Before you can accept the invite from Olina Chen to upload compliance documents, you first have to register a free ProductIP account.
E-mail Address: olina778899@163.com

Middle name:
Last name: *
Phone number:
Company:
 I have no company name

Country/Region: *
Preferred email language: *
Note: some emails are available in English only.

Password: *
Confirm Password: *

I agree that ProductIP can send me e-mails related to their services.
 I have read and accept the ProductIP general conditions *
 I have read and accept the ProductIP privacy statement *

* = mandatory field
Upon registration you will be subscribed to our platform mailinglist to help you get started with our platform and inform you how to access support and training. You can unsubscribe at any time.

LOG IN:

Existing users can directly login in using their e-mail address as username together with the password you have created before.

Forgot your password?

Click on the button.

You will receive an e-mail with a link to a webpage.

Here you can set a new password.

Welcome to ProductIP, the internet based expert system for creating, managing and sharing CE Technical Compliance files.

ProductIP is not a sourcing site. You can only see the technical files that you have created or that you have given access rights to from others. Users are identified via a combination of a user name, your e-mail address, and a password. If you are a new user we ask you to register first so we can verify you have access to the e-mail address you want to use for our system. Please contact us in case you need assistance: helpdesk@productip.com.

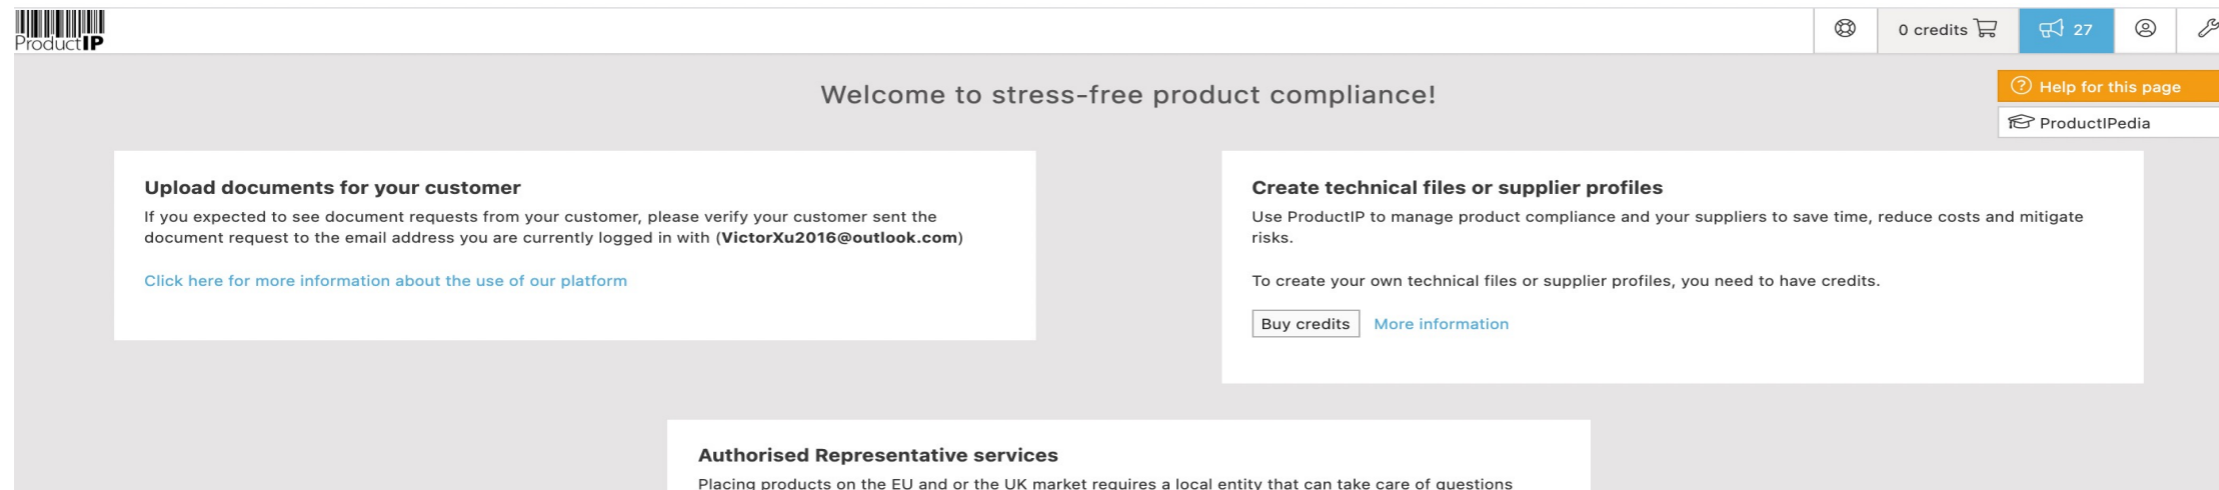

E-mail Address:

Password:

New user?  Forgot your password? Need support? What's new?

SOMETHING WENT WRONG?

When you see this screen, it means the email requesting to upload the document has not been sent to your email address.

How to solve this:

- 1 ask your customer to change the email address so you see the requests immediately.
- 2 or add your colleague who received the email so you are both registered in the account, then the requests will be visible to all.
- 3 the request has not been sent yet

Add user:

You can also collaborate with your colleague on the requests. The admin can then add a user to the account, so everyone has their own login, it is visible who did what and when, and if a colleague leaves, you can remove the user instead of creating a new password.

HOW DOES IT WORK:

1. Go to Request

Need help?
Here you find more information

The screenshot shows the 'Requests' page in the ProductIP system. A red arrow points to the 'Requests' tab in the top navigation bar. A blue arrow points to the 'View request' button in the 'Open requests' table. A yellow arrow points to a comment icon in the 'Document remarks' column. A purple arrow points to a remark in the 'Document remarks' column. A green arrow points to the 'Upload' button in the 'Open requests pending for review' table. A grey arrow points to the 'Export to Excel' button. A blue arrow points to the 'Help for this page' button. A green arrow points to the 'View request' button in the 'Open requests pending for review' table.

All Request were documents need to be uplaoded

All Request were documents are uploaded and you have closed the task. ProductIP has to review them. If there still missing documents, ProductIP will inform you by email (the information also can be found on this page) And the task will be shown under "Open Request"

UPLOAD THE DOCUMENTS:

green → These are the documents your customer is asking for.

You may not have them all (yet). In that case, it is important to upload what you already have. You can upload *.PDF, *.png, *.jpg. You need to convert *.doc and *.xls to *.PDF first.

yellow → Here you will find more information and/or templates that can be used.

red → Here you may see if a document has been rejected.

purple → Close with this button if you want to add more documents later

orange → Click here when all documents have been uploaded and close the task

blue → You can post a comment here, instead of sending an e-mail

black → If you have already a file in ProductIP, click here to upload the documents from that file

The screenshot shows the ProductIP document upload interface. It is annotated with several colored arrows and labels:

- purple** arrow points to the "Save & Continue later" button.
- orange** arrow points to the "Save & Close" button.
- black** arrow points to the "Upload documents" button.
- yellow** arrow points to the "Requested documents" table.
- green** arrow points to the "REACH" document in the "Requested documents" table.
- red** arrow points to the "Uploaded documents" table.
- blue** arrow points to the "Add a new comment" text area.

The interface includes sections for "Articles", "Product image", "Upload technical documents", "Comments", "Requested documents", and "Uploaded documents".

Document	Classification	Resources
Battery Directive - Test report	B1, C	4
Bill of Materials (BOM)	B3	1
Bill of Substances (BOS)	B3	1
Declaration of Product Identity	B3	2
Electro-Magnetic Compatibility (EMC) - Certificate	A	1
Electro-Magnetic Compatibility (EMC) - Test report	A	1
EU Declaration of Conformity (DoC)	DoC	3

Status	Document	Document category

- [Risk Assessment - Physical hazards \(Create\)](#)

UPLOAD THE DOCUMENTS:

The screenshot shows the ProductIP interface for uploading technical documents. On the left, there's a product image of a strawberry-shaped USB drive. Below it, a section titled 'Upload technical documents' indicates a deadline of 51 days overdue. A comment box is visible with a blue arrow pointing to it. On the right, a 'Requested documents' table lists various compliance requirements like Battery Directive, BOM, BOS, EMC, and DoC, each with a count of required documents. Below this is a table of 'Uploaded documents' with columns for Status, Document name, and Document category.

Document	Document category	Count
Battery Directive - Test report	B1, C	4
Bill of Materials (BOM)	B3	1
Bill of Substances (BOS)	B3	1
Declaration of Product Identity	B3	2
Electro-Magnetic Compatibility (EMC) - Certificate	A	1
Electro-Magnetic Compatibility (EMC) - Test report	A	1
EU Declaration of Conformity (DoC)	DOC	3

Status	Document	Document category
unchecked	CCL_Golden_1.pdf	Select
unchecked	ILO_Golden_1.pdf	Select
unchecked	LVD_report_Golden_1.pdf	Select
unchecked	Picture_Golden_1.jpg	Select
checked	REACH_SVHC_Golden_1.pdf	REACH - Test report

When creating the file, it is important that the correct data is entered, because this determines which requirements apply and which documents must therefore be requested.

- the market release date
- The correct product category
- Correct answers in the Q & A

If you see wrong choices in the list, please add a comment (blue arrow), so we can adjust the file and select the correct requirements.

SUMMARY:

Co-operating with your customer via an invite from ProductIP is efficient, easy, and free of charge.

Any questions about using the system? ProductIP is the help-desk.

If you don't have all the documents available now, upload what you have, assign the document category and press save and close as finished. Your customer will appreciate your prompt cooperation. They will review the documents that you have provided and give you feedback and perhaps a next tasks that you can complete in the same way.

Did you know that you can also create files yourself? In that case you will own the file and you can use it to demonstrate your professional approach to product compliance. Your customer does not need to send you an invite anymore. In fact, now you can SHARE your file with them. Sharing is free for you and for the receiving party. You make the file with your article number, and you change these in OEM files the moment you share them. You can share them with customer A, B, C, all free of charge.

Contact us if you want to learn more about how to demonstrate your professionalism and service attitude around product compliance and join a network of innovative companies using ProductIP.
